Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-9 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Graham.

As to the applicant's arguments:

1. Graham does not disclose a machine having an upright post and a carriage.

As to 1. above, as pointed out by applicant "Graham does suggest elevating one end of the tracks", it is inherent given the elevating of Graham's device, that it could be elevated to a horizontal position.

2. Boren is not used in this office action.

3. Claim 2 as amended includes backrest for receiving the back of the exerciser on the platform. Grahams carriage inherently include a backrest (10) for receiving the user.

4. As for claim 3, Graham discloses handles (27,28), adapted to be gripped by the user, which reads on the claim as written.

5. As for claim 4, Graham discloses the post is inclined at an angle relative to the platform (see fig. 3).

6. As for claim 5, Graham discloses, as broadly claimed, the angle between the post and the platform is adjustable (fig. 3).

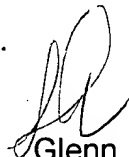

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
